Top Skills

JavaScript, TypeScript, ReactJS, NodeJS, Database, NextJS, OOP, GIT, HTML/CSS, Marketing.

Education

UC of San Diego 2020-2021

Certificate of Completion, Full Stack course (JavaScript, NodeJS, MySQL, Java).

Omsk Technical University 2008-2013

Incomplete Masters, Information Technologies in Media Industry. (Programming, technical support of operating systems, computer architecture).

Recent Experience

Software Engineer (Full time) 01/2022-01/2025

Music Audience Exchange Inc

- Built and maintained complex user-facing applications in React/TypeScript, Material UI, Node, Vite, for a number of businesses including Fortune-500 companies.
- Simultaneously managed multiple projects, conducting extensive market and consumer research, optimizing web functionalities that improve data retrieval, outputting over 20 dynamic applications per year.
- Demonstrated excellent communication skills by collaborating with numerous diverse teams and increasing the production speed and quality compared to the predecessor in the same role.

Software Engineer (Contract) 03/2021-01/2022

Noi Live Inc

- Designed and developed an application (available in Apple Store / Google Play), using JavaScript (ReactJS), utilizing extensive testing and quality control, revising and improving UX/UI.
- Connected Firebase database with the front-end, optimizing code to increase rendering speeds, implemented state management which significantly reduced Firestore data usage.
- Transferred the React prototype app to React Native which expanded market availability to mobile device users, ensuring smooth cross-platform connection and responsiveness.

Instructional Specialist - Web Development, Full Stack (Tutor) 05/2021-12/2022

edX Inc (2U Bootcamps)

- Successfully mentored over 100 software engineering students participating in web development bootcamps, effectively simplifying complex concepts and closely tracking their progress through continuous feedback collection.
- Significantly enriched the learning experience by leveraging strong interpersonal skills, patience, and a deep expertise in course content, fostering an engaging and supportive educational environment.
